

Apply to include animal test data in your application for an assessment certificate

IMPORTANT INFORMATION

- Use this form to apply for approval to include new animal test data in your application for an assessment certificate. This application relates to chemicals with multiple end uses including an end use in cosmetics (Section 20 of the Industrial Chemicals (General) Rules 2019).
- You can submit a joint application, but we can't process the application until all applicants submit their own form.
- The **applicant must submit this form** through AICIS Business Services. An agent cannot submit this form on behalf of the applicant.
- If some of the information cannot be disclosed to the applicant, the chemical data provider can email the confidential information to applications@industrialchemicals.gov.au.
- Giving false or misleading information is a serious offence. We may pass on the information in this form to other agencies as authorised or required by law.
- Your personal details are protected by law, including the Privacy Act 1988. Important information about how we handle your personal details is in our privacy statement at www.industrialchemicals.gov.au/privacy. You should read and understand this information before completing this form.

Please allow 10 working days for processing. Use BLOCK LETTERS.

Section 1: Applicant's details

Business name:

AICIS Business ID:

Application contact — first name:

Application contact — last name:

Is this a joint application?
