

I'm a soap maker.

Do I need to register with AICIS?

i The process you use to make your soaps is important

Hot or cold process

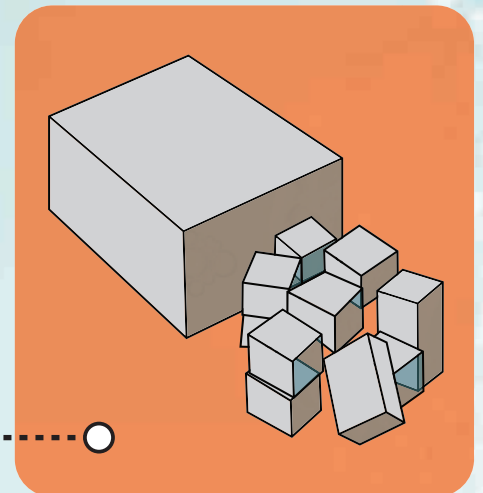

✓ YES you must register if you make soaps by hot or cold process and sell them for a profit — this includes selling soaps in-store, online, at markets and giving out free samples to market your product

x NO you don't need to register if you make soaps by hot or cold process and give them away or sell them for the cost of the materials only (no profit)

Melt and pour

✓ YES you must register if you import soap bases, glycerin blocks and pre-made, melt-and-pour bases from overseas

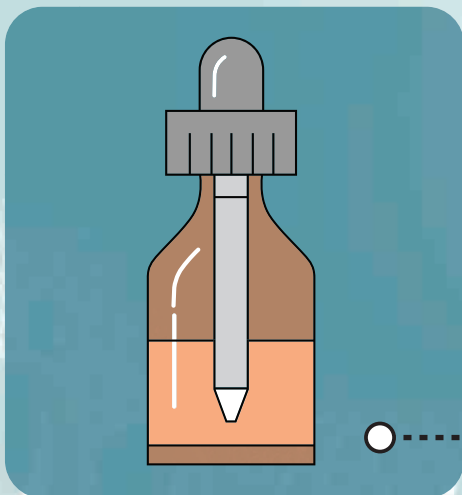

x NO you don't need to register if you use soap bases, glycerin blocks and pre-made, melt-and-pour bases that you bought from a local Australian shop, supplier or manufacturer

Mixing and blending

✓ YES you must register if you import essential oils, fragrance or any ingredient from overseas to mix or blend with your soaps

x NO you don't need to register if you use essential oils, fragrance or ingredients that you bought from a local Australian shop, supplier or manufacturer to mix or blend with your soaps
